

# SARAI Knowledge Portal

SARAI Knowledge Portal is an online platform of Project SARAI which offers a wide range of agricultural information and services in web and mobile formats for six priority crops: rice, corn, banana, coconut, coffee, and cacao. The public can access the following from the portal: maps and information on crop suitability, vulnerability, and crop production areas. You can access the portal at [www.sarai.ph](http://www.sarai.ph)

## Benefits

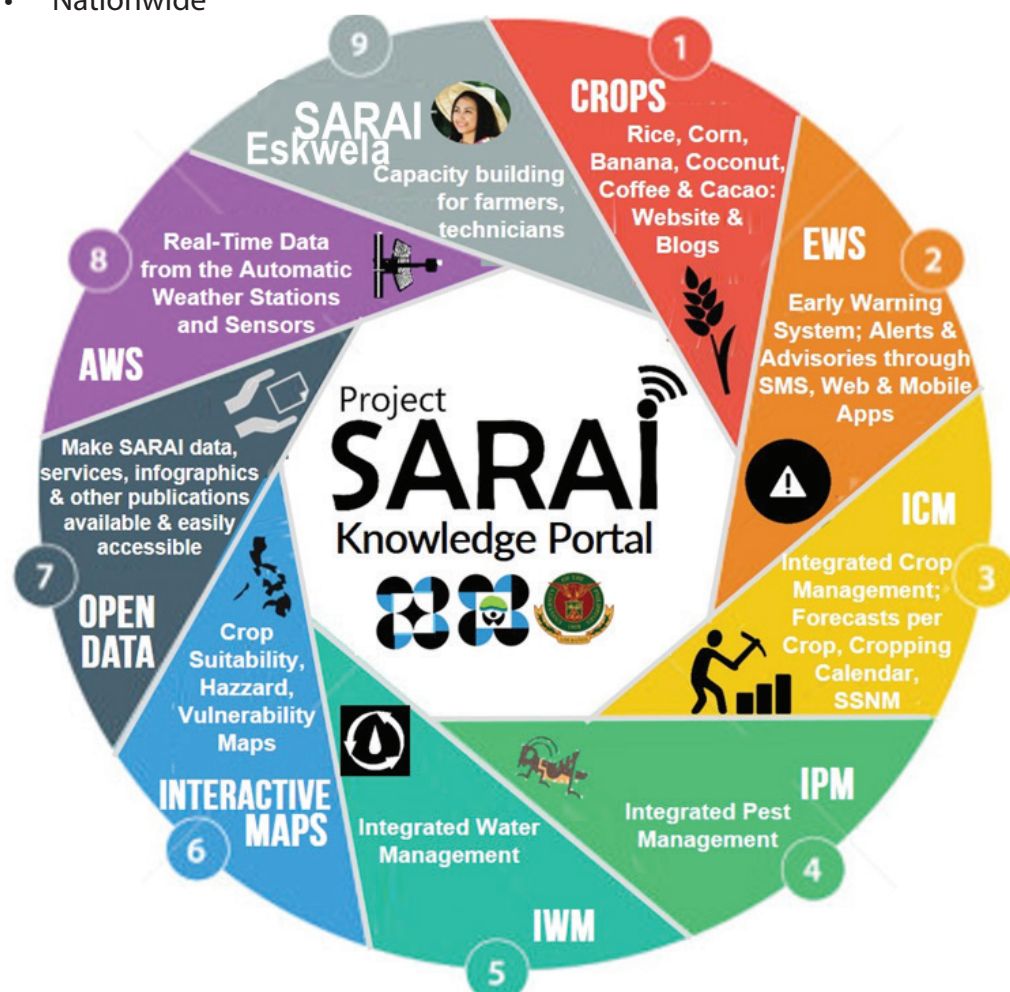

- Can easily be accessed by the public through mobile phones and desktop.
- Provides other services such as daily SMS to farmers and other subscribers.

## Target Beneficiaries

- Farmers, extension workers, agricultural technicians, scientists, and policymakers

## Location

- Nationwide

*Strategic Industry S&T Programs for Agri-Aqua Growth (SIPAG) bolsters PCAARRD's commitment to Outcome One, which the Council pursues through its Industry Strategic (S&T) Program (ISP). SIPAG embodies not only the values of hard work to bring out the best in agriculture, aquatic and natural resources research and development (R&D) but also the benefits that these efforts will bring to every Filipino, hence PCAARRD's*
